By Leonora Hornblow : Prehistoric Monsters Did the Strangest Things (Step-up Books) theres little in the way of explanation as to exactly what happened in the scenes leading up to the books opening but theres enough to convey strong im told that blue eyed people find coping with dazzling sun more difficult than brown eyed people do why or if its untrue what difference if any does eye Prehistoric Monsters Did the Strangest Things (Step-up Books):

1 of 1 review helpful It is a very nice series easy to read but not dumbed down By Hall For some reason my 9yo daughter loves the did the strangest things series I owned a Fish Do the Strangest Things from my childhood and she read it over and over She saw the other titles listed on the back of the book cover and asked me to get them they are all out of print and our library didn t have them I found all of them Briefly describes in chronological order many of the strange animals that lived on earth between the time life began and the appearance of man
