By Jeffrey H. Schwartz, Ian Tattersall : The Human Fossil Record, Terminology and Craniodental Morphology of Genus I Homo/I (Europe) (Volume 1) The Human Fossil Record, Terminology and Craniodental Morphology of Genus I Homo/I (Europe) (Volume 1):

3 of 4 review helpful Excellent Resource By Rebecca Bergfield I was attracted to the clear photographs and the

concise information in this book This is an excellent reference with a collection of the major finds in Europe As a student I would read about a find in an article With this book I was able to quickly look the fossils up This book allows the reader to either become familiar with certain remains or gain spec The Human Fossil Record Volume one Terminology and Craniodental Morphology of Genus Homo Europe Jeffrey H Schwartz Ian Tattersall The Human Fossil Record series is the most authoritative and comprehensive documentation of the fossil evidence relevant to the study of our evolutionary past This first volume covers the craniodental remains from Europe that have been attributed to the genus Homo Here the authors also clearly define ldquo very welcome addition to the evolutionary anthropologist rsquo s reference shelf rdquo Evolutionary Anthropology this book represents an invaluable archive This is a true thesaurus in its literal meaning a textbook to go back
