**By Kathleen V. Kudlinski : Boy, Were We Wrong About Dinosaurs! (Turtleback School & Library Binding Edition)** Boy, Were We Wrong About Dinosaurs! (Turtleback School & Library Binding Edition):

3 of 3 review helpful Useful for Teaching Scientific Process By ScSpec I purchased this book for primary teachers for use in their classrooms and not necessarily for teaching about dinosaurs It seemed to be equally as suited to an examination of the nature of science and how scientists operate Every page holds opportunities to describe how scientific ideas change as new information is gathered and to stress that bein FOR USE IN SCHOOLS AND LIBRARIES ONLY Examines what is known about dinosaur bones behavior and other characteristics and how different the facts often are from what scientists from ancient China to the recent past believed to be true From School Library Journal Grade 2 4 ndash Kudlinski presents a number of early dino theories ndash a spike on the nose of the Iguanodon drawings that depicted dinosaurs dragging their tails in the mud and running on spraddled lizardlike legs ndash and
