**By Michael R. Walter : The Collector's Guide to Herkimer Diamonds (Schiffer Earth Science Monographs)**

The Collector's Guide to Herkimer Diamonds (Schiffer Earth Science Monographs):

0 of 0 review helpful I would love to shake the hand of this author and thank By Rosemary Pimentel I would love to shake the hand of this author and thank him for writing such a comprehensive book with helpful and beautiful pictures There is a lot of information both on the geology of Herkimer Diamonds and the collection of these beautiful crystals Even if you never get a chance to actually mine for these I recom This is the first published guide to Herkimer

diamonds striking quartz crystals that includes all important aspects of interest to anyone curious about this unique form of the mineral quartz Over 210 vivid color images of important specimens associated minerals and field shots illustrate the informative text and enhance the reader rsquo s experience The text includes the most recent scientific information regarding Herkimer diamonds geological and mineralogical hi About the Author Michael R Walter has been an active field collector of crystallized mineral specimens from his youth in the 1960s through the present He has field collected Herkimer diamonds for more than thirty five years
