1 of 1 review helpful A Good Specialised Book About British Sheep By Colby A very informative and decently illustrated book it is quite informative There are over thirty million sheep in Britain belonging to more than sixty

different breeds They are almost as varied in shape color and size as the many breeds of dog but are far less well known The sheep industry in Britain is based on a stratified system which makes the best use of the harsh mountains of Scotland Wales and northern England as well as of the more fertile and mild regions of southern Britain It has helped to develop a rich range of specialist re About the Author Elizabeth Henson grew up on a Cotswold farm where her father Joe Henson maintains a collection of rare breeds of farm animals alongside his commercial farm This collection is open to the public as the Cotswold Farm Park She obtained a
