Spotter's Guide to Rocks & Minerals:

0 of 0 review helpful Great Guide for Curious Kids By Laine This is a nice short informative title My son loves this line of guides and we surprised him with this one He can t get enough of the Usborne Spotter s Guide He is five and just sits on the couch with two of his other guides and reads forever He s so eager to learn and rather curious about the world These guides work really well for the young and curious Full color illustrations and 100 200 interesting facts about each topic Ideal field guides for both
