**By Robert Thorson : Stone by Stone: The Magnificent History in New England's Stone Walls** the story of christopher wren englands greatest architect and the building of st pauls cathedral the great new england vampire panic two hundred years after the salem witch trials farmers became convinced that their relatives were returning from the

grave to Stone by Stone: The Magnificent History in New England's Stone Walls:

There once may have been 250 000 miles of stone walls in America s Northeast stretching farther than the distance to the moon They took three billion man hours to build And even though most are crumbling today they contain a magnificent scientific and cultural story about the geothermal forces that formed their stones the tectonic movements that brought them to the surface the glacial tide that broke them apart the earth that held them for so long and about
