gem world an arizona rock shop that retails mineralsarizona minerals fossils artifacts crystals gifts and collectables
Minerals of the World:

0 of 0 review helpful Five Stars By Jurgen G Hixon well done 0 of 1 review helpful No problem By Acquisitions
UNLV Libraries No Problem 7 of 7 review helpful Good value quick identifier with some irritations By A Customer
Quick mineral identifier with a few columns of data on the left and small but quality colour This guide helps the reader
identify minerals quickly and easily using the author s Rapid Identification System based on three measurable
properties the streak or inherent colour of a mineral its Mohs hardness which can be determined using the scratch test
and its specific gravity or relative density Colour coded bars enable the reader to locate the possible matches More
than 500 mineral forms are presented with entries that include name fracture lustre ch Language Notes Text English
translation Original Language German
