**By Lee Server: Lions (Portraits of the Animal World)** this story appears in the august 2013 issue of national geographic magazine they say that cats have nine lives but they dont say that about the serengeti lion jan 25 2011nbsp;photograph by natalie manuel the mighty lion is the second largest cat in the world tigers are the biggest with some males weighing more than 550 lbs Lions (Portraits of the Animal World):

6 of 6 review helpful ROAR You wanna know me well Read this then By Alex K What can I say This book is perfect

Well almost Lions are and always have been my favorite animal in the world with tigers very close to a tie This book is filled with terrific and fun info on the golden king of beasts not king of the jungle it lives on the African plains DUH and the photos are out of this world In fact you might even s An informative series that provides in a concise format better understanding of animals and their habitats Fascinating in its diversity the natural world comes to life on the pages of these spec tacularly illustrated volumes
