Guide to the Grand Canyon State (Rocks & Minerals Identification Guides):

40 of 40 review helpful Great field guide reference manual By DesertArtist This little book is big in content What I like the best about this book are the beautiful photographs showing the rocks as they would appear in nature not as highly groomed rock shop specimens like my other rock books do It was easy to identify all the common to unique rocks minerals that I have found in Arizona Also I have identified m Get the perfect guide to rocks and minerals of the Grand Canyon State This handy book by Bob Lynch and Dan R Lynch features comprehensive entries for 106 rocks and minerals found in Arizona from common rocks to rare finds The authors know rocks and took their own incredible full color sharp photographs to depict the detail needed for identification no more guessing from line drawings Entries are organized alphabetically and the easy to use format means you rsqu About the Author Dan R Lynch has a degree in graphic design with emphasis on photography from the University of Minnesota Duluth But before his love of art and writing came a passion for rocks and minerals developed during his lifetime growing up in hi
