das port manteaux churns out silly new words when you feed it an idea or two enter a word or two above and you'll get back a bunch of portmanteaux created by jamming Rock Hound's Logbook & Journal:

0 of 0 review helpful Not for a serious collector By Customer There are some beautiful pictures but they do not adjoin the relevant journal entry Locations for finding specimens are lists of states but no details of locations A simple notebook would be better suited for location data sketches and would have the chronological record of your trips Certainly not for a serious collector This might be a Rock enthusiasts are passionate about their pursuit and this book offers a focus for that passion Created by a rock hound this logbook and journal is a perfect way to record your discoveries anywhere you go Record date location GPS coordinates and notes for more than 100 rocks and minerals Entries are organized alphabetically for easy retrieval while amazingly colorful photos display the beauty of several specimens
