By Victoria Bruce : Sellout: How Washington Gave Away America's Technological Soul, and One Man's Fight to Bring It Home ryssdal how did it come to pass that washington decided as you say in your title americas technological soul was up for grabs bruce what happened was legit or not to fail in the nfl is to fail at manhood thats almost a medieval concept sure but the brutal blue collar ethos of pro football buys into that as Sellout: How Washington Gave Away America's Technological Soul, and One Man's Fight to Bring It Home:

7 of 7 review helpful Epic David and Goliath Battle to Save America By alex This is an epic David and Goliath story which will leave you terrified for the future of our country The amount of technology that the U S has given up sold off and offshored to China has left the U S incapable of any high tech manufacturing without China s blessing What will this mean for our military Jim Kennedy the book s protagonist is di The story of one citizen s fight to preserve a US stake in the future of clean energy and the elements essential to high tech industries and national defense American technological prowess used to be unrivaled But because of globalization and with the blessing of the U S government once proprietary materials components and technologies are increasingly commercialized outside the U S Nowhere is this more dangerous than in China s monopoly of rare ea Sellout mines an important topic the national security risks arising from our loss of industrial expertise and manufacturing capacity Wall Street Journal a compelling narrative Readers will share Kennedy s considerable frustration with
