9 of 9 review helpful Wonderful Juxtaposition of Africa s Spotted Cats By Arnold This book should probably be more accurately called Spotted Ones of the Savannah Despite that I really like the idea of one book covering both Cheetahs and Leopards I actually bought this book because I wasn t crazy about the other books that focused solely on one species or the other It isn t the most obvious comparison and the two are v Leopards and cheetahs embody the wild beauty of Africa In this spectacular photographic study the husband and wife team of distinguished naturalists Christine and Michel Denis Hout provides readers with a rare glimpse into the everyday lives of these compelling

creatures Their exceptional photography vividly brings to life the excitement of a young cheetah s first hunt the languid relaxation of a leopard s midday nap and the sheer strength and beauty of these glorio About the Author Christine and Michel Denis Hout have collaborated on a number of articles and books on African wildlife They have written a number of books for both young readers and adult audiences including The Elephant Majestic Kenya and The Savage Arc
