By O.D. Rode, A. Cimbáliková, A.A. Ivanov, M.A. Nazarov, K. Jurek, V. Hejl : Atlas of Photomicrographs of the Surface Structures of Lunar Regolith Particles (Encyclopedia of Earth Sciences Series) Atlas of Photomicrographs of the Surface Structures of Lunar Regolith Particles (Encyclopedia of Earth Sciences Series):

The rapid evolution of technology and mathematical methods in this century has led to the recognition and accumulation of a large quantity of scientific facts At the same time however in studying natural bodies primary attention has not been paid to their total character the body either ceased to be an individual as in the case of mathematical methods or has become a complex of separate not always closely connected characteristics examined by laboratory analyses Language Notes Text English Russian
